

NCMEP

NCMEP and Its Partners

The North Carolina Manufacturing Extension Partnership (NCMEP) is the official representative of the MEP National Network™ and NIST MEP in North Carolina. The MEP National Network is a unique public-private partnership that delivers comprehensive, proven solutions to U.S. manufacturers, fueling growth and advancing U.S. manufacturing.

NCMEP is a proven resource as a public-private operating alliance of state supported programs, working together to help manufacturing companies become operationally efficient and well positioned to grow profitably.

NCMEP is administered by NC State Industry Expansion Solutions (IES) and is joined by partners from the North Carolina Community College System; NCWorks Customized Training; the Economic Development Partnership of NC; the Polymers Center of Excellence; the Manufacturing Solutions Center; East Carolina University; UNC Charlotte; and North Carolina A&T University.

NCMEP partners provide technology-based resources and expertise to improve, promote and connect industry through experts and tools in workplace safety, process optimization, business growth, innovation, sustainability, energy, quality systems and workforce training and development.
